

# ADCS

## Principal's message

Dear parents/ guardians

We have redesigned the high school courses and the way of delivery. We are trying to help the students succeed by offering many new courses. For the students to succeed, they must attend their classes regularly

I would like to share a quote for this month "If you are not willing to learn no one can help you. If you are determined to learn, nobody can stop you". Merry Christmas to all and a healthy New Year!

Elia Haydon

## Upcoming Events

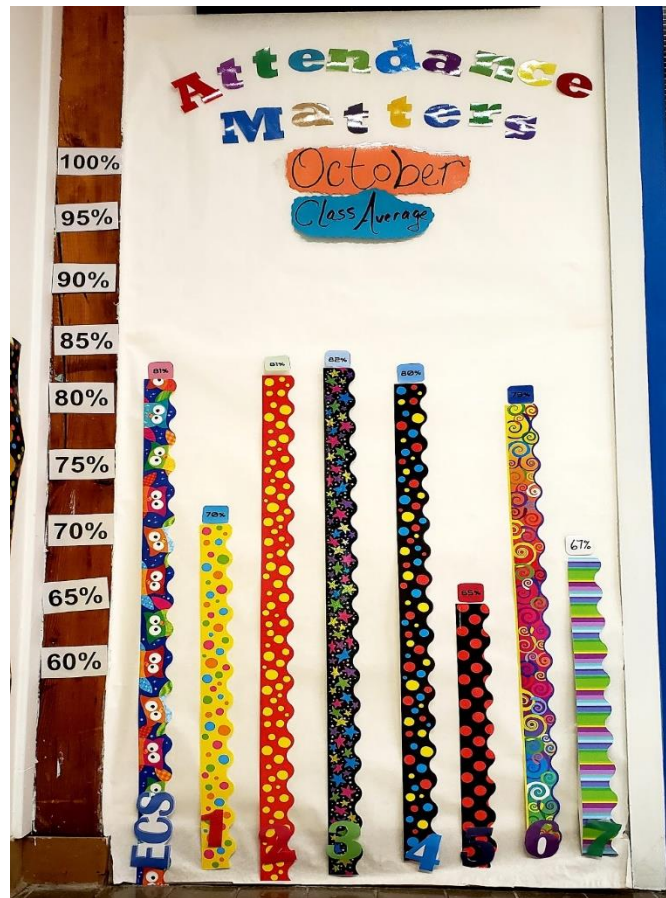

- **December 2: Assembly**
- **Dec. 13: Christmas concert at 6 pm**
- **December 16: Early dismissal at 1:40**
- **December 19: last day for students**
- **December 23 – January 3: Christmas holiday**

## We All Belong

# Attending classes matters

# October Excellence in Attendance

ECS	GRADE 1	GRADE2	GRADE 3	GRADE4	GRADE 5	GRADE 6	GRADE 7
Zalynn	Raphael	Addyson	Devon	Jerome	Rae-Lynn	Kylie	Hellena
Kye	Sophia	Nicholas	Liam	Abhi	Colten	Tyrell	Jonah
Raelynn	Trevon	Hayden	Raymond	Landry	Darius	Alexandra	Landon
Anthony	Haven	Creeden	London	Darius	Remi	Draydon	Aidon
Katie	Ian	Presley	Lyle	Alaura	Jacob	Colby	
Tehlaya	Justice	Isabelle	Owen	Josh		Storm	
	Raylene					Ethan	
	Tegan					Arihanna	
	Deandra						

**Next Assembly is on December 2nd at 9:30**

If you think about it, missing 30% a year, in a three-year period, a student would have missed 1 year of schooling.

# Kindergarten

Serious learners learning the sight words 😊

## Grade 1

The Grade 1 Class worked hard decorating their classroom door for the Halloween Door Competition. They won FIRST PLACE! They enjoyed an ice cream sundae party for their efforts.

Grade 1 made a Remembrance Day Quilt to honor our Veterans.

Lynne Couturier Remember to Read a Book A Day!

Grade 2:

## Using Animated Literacy to teach Word recognition

### Grade 3:

The Grade 3 class worked very hard on their poppy paintings and learned about the origin of the poppy.

## Grade 4

These are the different activities we had in grade 4.

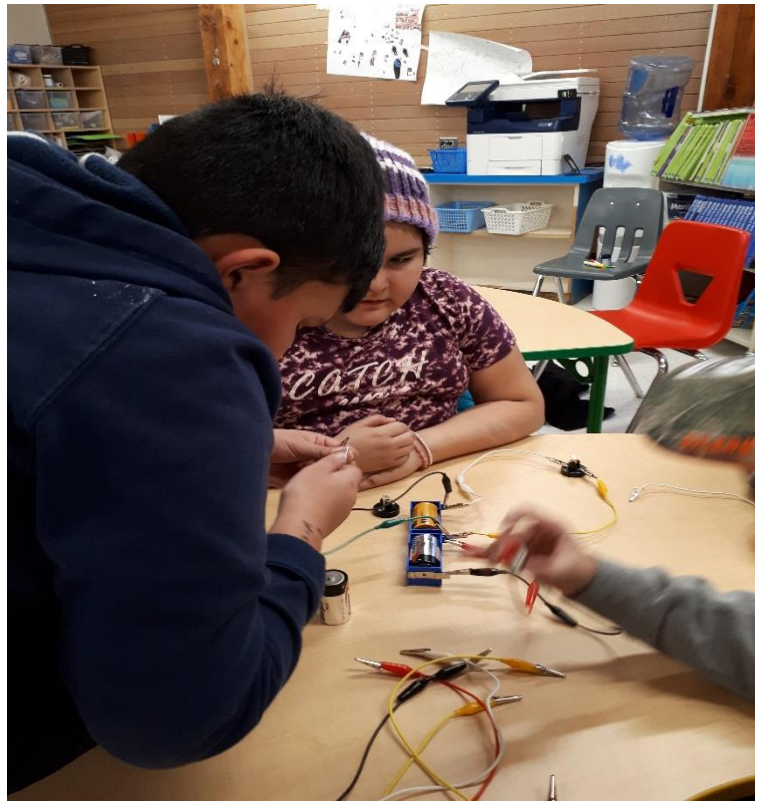

## Grade 5:

The students are doing a science experiment.

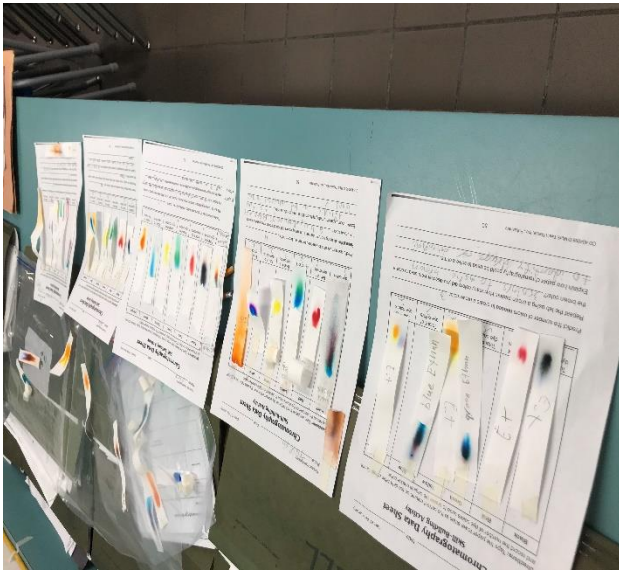

We love animals 🐾

## Grade 6

Grade 6's are learning about forensic investigation they have studied foot prints and animal tracks as well as chromatography and the RCMP have been in to discuss different investigation techniques. next month they will be studying fingerprinting and doing a full investigation with the skills they have learned. The grade 6's have also started designing a deserted island in groups and have learned how democracy is important even in small groups through this project which will continue throughout the year.

## Teeth Imprints

## Grade 7

On Halloween, students, teachers and even parents participated in a maze created by the students of Grade Seven. With the classroom being transformed into the 'Scary Room', and appropriately decorated for the occasion, people that came could only enter with nervous looks as they ventured into this maze. As the students of Grade Seven saw people entering their maze, their enthusiasm to scare was evident by the screams of their victims.

The reception for this room was overwhelmingly positive, as those who entered the room were left satisfied from the scares the Grade Seven students provided.

The students of Grade Seven should be commended for the effort that they put into making this Scary Room a reality. They developed the room on their own to make it as convincing and scary as it was.

At the same time, the Grade Seven class also worked on making an excellent Halloween door cover that won them a Pizza lunch. Sufficed to say that they delivered all the tricks and got all the treats.

## Grade 8:

Science presentation, it was very captivating.

## Students doing Math

## Grade 9 news:

Grade 9 won the Door decoration contest for Halloween from high school category and had Pizza party

## High School:

Nov 12: High school students visited Planetarium and dark sky set by Parks Canada

## Literacy coordinator:

### Literacy Focus: December and January

Writing assessments from **Whole School Write** showed there are students who have ability to achieve grade level expectations this year. *Great pre-writing practice work occurred in our classrooms!* Many students, however, will need directed, ongoing focus to build pre-grade developing skills towards expressing ideas in an organized way, with well-constructed sentences, using more specific word choices. In future writing tasks, parent support to edit and rewrite would be amazing! Please discuss with your child's teacher how you can be a key part of this growth. Being in class daily and task completion are the first goal to set with your child. Literacy Lead support, while limited, is available. Best immediate writing help is after-school workshops. Please express your interest to Laurel Young, ext. 1934, or via email.

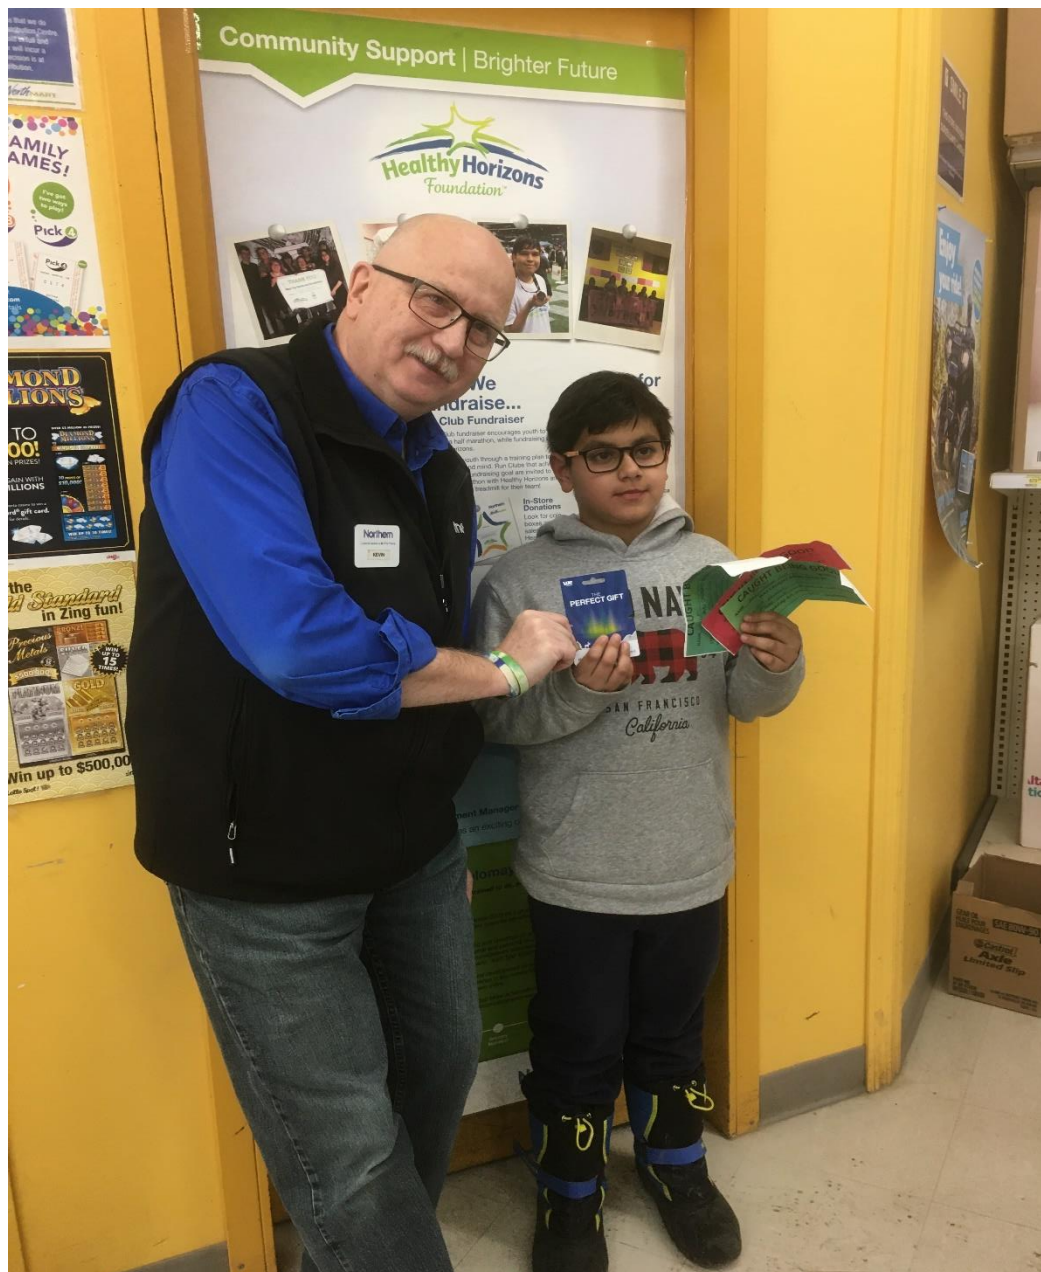

To encourage child-family interaction in an engaging event, an ABC Book Project will run from December 9<sup>th</sup> to January 17<sup>th</sup>. The goal is to write a personal or family ABC book to be celebrated at our school Family Day Literacy Event on January 27<sup>th</sup>.

**Family Literacy Day**® is a national awareness initiative created by ABC Life **Literacy** Canada in 1999 to raise awareness of the importance of **reading** and engaging in other **literacy**-related activities as a **family**.

School ABC book activities begin December 2<sup>th</sup> to 6<sup>th</sup>. Registration & an information package is available Dec 6<sup>th</sup>. Due date to submit the book is January 17<sup>th</sup>.

*Results of Reading and Writing Assessments can be shared with you by speaking with your child's teacher or Literacy Lead teacher, Laurel Young, who has many years of experience with all of these tests.*

## Community Rewards for Kindness

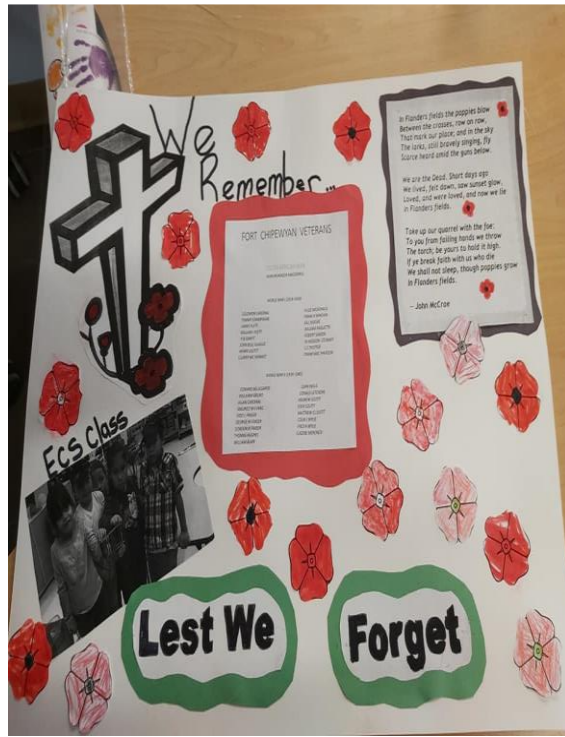

Grade 4 student, Abhi Gill '**Caught being good**' by his teachers in curricular and co-curricular activities maximum times in the last two months and he won a gift card prize worth \$100 presented by Northern Store in the community.
